

## Introducing The Next Generation of Human Resource Information Systems

HR professionals, regardless of their company's size or structure, want the same benefits from their HR system: easy-to-use, intuitive employee access and a no-hassle report writer, with no extra software or hardware to purchase. HRnext delivers all this and more.

HRnext will help reduce the countless hours human resource professionals spend updating employee files, managing performance reviews, entering new hires, and tracking time-off and sick days. HRnext helps to expedite daily tasks and makes employee information easily accessible for supervisors, employees and human resource professionals.

### HRnext Features

- HRnext is completely web based – no software installation or expensive hardware required
- Microsoft Cloud Hosted – get the security and reliability of Microsoft Azure™ cloud hosting
- Works on all major browsers and tablets, and most modern mobile devices
- Intuitive with easy-to-use searching, sorting, drag-and-drop features, ad hoc reporting, and complete audit history
- Employee Self Service – employees can update personal information and have easy access to performance reviews, benefits and much more
- Choose from our ever-growing library of standard reports, or create your own reports with the easy to use ad hoc report writer
- Easily process 5 to 5000 employees
- Extraordinarily flexible and easy company setup

### HRnext Functionality

HRnext offers a large selection of functionality suitable for the needs of both large and small organizations.

- Event Dashboard
- Flexible Organization Structure
- On-the-Fly Setup
- Employee Profile
- Employee History
